

Exclusively for elementary students: In February, be sure to look for specialty summer camps offered by DMCS. We are working with the specialty camp program to ensure that we will be on site to take children to and from the DMCS Summer Specialty Camps if you choose to participate in those. They will be offering camps such as Basketball, Show Choir, LEGO®, Cooking, Spanish and a few others. If you are enrolled the same week for Lion's Club and a specialty camp, you will receive a 50% discount on the Lion's Club fee for that week.

**A summer of fun...
one week at a time!**

HERE WHEN YOU NEED US

We offer care when you need us. Sign up for the weeks you need and skip the ones you don't. Each week is based on a theme and includes field trips, indoor and outdoor activities, games, gym time, service projects and loads of fun!

WEEKLY THEMES

Lion's Club Campers will go on off-site trips 2-3 times per week. We will go to a pool (Lions) or splash pad (Cubbies) at least once per week. Here is the theme schedule and a brief description. We will have a finalized schedule of field trips at parent orientation.

Come join us for a summer of fun, discovery, and outdoor exploration.

Welcome to Lion's Club. We serve families with children entering kindergarten through entering 5th grade. Our summer days are filled with opportunities to discover new things, explore the outdoors, learn through service, and discover God's world by traveling the metro on action packed field trips.
